INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Cultural Survival, Inc.:

I have audited the accompanying statements of financial position of Cultural Survival, Inc. (a Massachusetts corporation, not for profit corporation) as of August 31, 2011 and 2010, and the related statements of activities, functional expenses, and cash flows for the years then ended. These financial statements are the responsibility of the Organization's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Cultural Survival, Inc. as of August 31, 2011 and 2010 and the changes in its net assets and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Note 2 - Summary of Significant Accounting Policies (Continued)

Cash and Cash Equivalents

The Organization considers all highly liquid instruments with an initial maturity of three months or less to be cash equivalents.

Investments

Short-term investments in marketable securities with readily determinable fair values are carried at their fair value in the statement of financial position based on quoted market prices. Unrealized gains and losses are included in the change in net assets in the accompanying statement of activities.

Accounts Receivable

Accounts receivables are stated at the amount management expect to collect from outstanding balances. Management provides for probable uncollectible amounts through a provision for bad debt expense and an adjustment to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. Accounts are considered collectible. Interest is not charged on overdue accounts.

Functional Allocation of Expenses

Net Investment in Sales-Type Lease

Net investment in sales-type lease is carried at the net present value of the future expected cash flows under the lease agreement discounted at the appropriate discount rate at the time of sale. The carrying value of the investment is reduced if its market value declines are considered permanent. This lease was sold during the year ended August 31, 2010.
